

Professional Summary:

- **Product Analytics Leader** with 10+ years of experience using data to drive product growth, optimize user journeys, and influence strategic decisions in fast-paced digital environments. Proven track record defining KPIs, leading experimentation, uncovering friction points, and translating complex behavioral data into actionable product recommendations. Deep expertise in SQL, Python, Tableau, forecasting, and scalable self-serve analytics solutions.

Work Experience:

Tripadvisor, the World's Largest Travel Guidance Platform

Principal Partner Analytics Manager | Mar 2023 – Present | Boston, MA

- Partnered with Product, Engineering, and GTM teams to lead analytics for DB Max product launches supporting a **\$24M business**, defining success metrics, experimentation strategy, forecasting models, and roadmap recommendations that drove **double-digit CVR lift**.
- Built product performance frameworks and marketplace optimization models, identifying growth levers that increased revenue **+4% YoY to \$34M**.
- Built and scaled **“Trippy,” a self-service analytics platform powered by LLMs** that automated reporting, accelerated insight generation, and improved analyst productivity by 30%.
- Led KPI and success-metric definition, and conducted funnel and segmentation analyses to identify friction points in shopper journeys; delivered executive dashboards for ROI tracking and trend analysis while accelerating adoption and related initiatives across a **\$20M annual portfolio**.

Senior Meta Analytics Manager | May 2020 – Mar 2023 | Boston, MA

- Established standardized performance analytics frameworks to measure effectiveness across global advertising initiatives during post-COVID recovery.
- Built **10+ Tableau dashboards** and automated SQL-based reporting pipelines to monitor performance, investment efficiency, and growth drivers, reducing time-to-insight by 25%.
- Developed **forecasting and predictive models** to support performance planning, investment prioritization, and leadership decision-making.
- Conducted deep-dive analyses to uncover trends and growth drivers, and presented **quarterly business reviews** and performance readouts to VP-level stakeholders, translating analytics into actionable insights that drove **+200% YoY growth in revenue**.

Senior Campaign Analyst | Nov 2019 – Apr 2020 | Boston, MA

- Delivered recurring and ad-hoc performance analytics and reporting for 10 top-tier partners, providing insights into program effectiveness and optimization opportunities that generated **\$500K+ incremental revenue**.
- Built structured Excel- and SQL-based reporting models to analyze lifecycle performance, budget efficiency, and ROI.

Visit Florida, Florida's Official Tourism Marketing Corporation

Digital Marketing Analyst | Oct 2018 – May 2019 | Tallahassee, FL

- Led web and digital product analytics using Adobe and Google Analytics to **optimize user journeys**, conversion funnels, and engagement across statewide campaigns.
- Enabled self-serve analytics across six departments, supporting 250+ stakeholders with campaign and performance tracking.
- Optimized conversion funnels and performance metrics, driving **144% organic traffic growth** and 52% improvement in first-page keyword rankings.
- Managed analytics and performance reporting for a **\$2M+ annual search budget**, reducing CPC by 10% and bounce rate by 12% YoY.

Visit Victoria, State Government of Victoria, Australia

Northern China Manager | Oct 2013 – Aug 2015 | Beijing, China

- Led all analytics-driven **marketing strategy** and execution for Northern China, overseeing destination promotion and brand growth initiatives.
- Defined **KPIs and reporting structures** to track campaign effectiveness, surpassing targets by 30% across a \$500K+ portfolio.
- Designed and delivered a 148-page training curriculum and performance enablement sessions for over 2,000 stakeholders, supporting consistent execution and outcomes.
